

Lansdown Model Flying Club Rules. 2013

These rules shall apply to all persons whilst operating on any site officially approved and recognised by the Club. No person is permitted to fly without current BMFA insurance. Your LMFC membership card and proof of BMFA insurance cover must be carried at all times.

1. **The Site.** The official club flying site comprises the area known as Lansdown North Playing Field, Bath. Over-flying of highways, houses, persons, organised games and the designated pits area is not permitted and flying must always be in accordance with the site rules and general rules laid down in the BMFA Members Handbook. All models must stay within the boundaries of the designated playing field. This is specified in the terms and conditions for the use of this site.
2. **Flying requirements.** Only pilots with an LMFC achievement certificate or a BMFA 'A' certificate are permitted to fly "solo" in the absence of an approved instructor or BMFA 'B' certificate holder. Tuition can be pre-arranged with a designated club flying instructor.
3. **Transmitter rules.** All members must ascertain who else may be on their transmitter frequency upon arrival at the site. 35 & 27mhz. transmitters must NOT be switched on until a peg with your name and frequency number has been put on the peg board. All 35 & 27mhz. transmitters must have a frequency number and correct colour pennant displayed at all times.
4. **Types and sizes of models permitted.** Operation is restricted to various types of fixed wing model aircraft only.
No Helicopters are permitted to fly on the site.
5. **Flight Line and Pits area.** The flight line is along the 18 metre line of the football pitch adjoining the designated pit area. Flying behind this flight line is strictly forbidden. No aircraft should be taxied to or from the flight-line under its own power. It should be carried or pulled to and from the flight line. Anyone proposing to take off must clearly state "taking off" to announce their intention to other flyers and ascertain that it is clear to do so. Similarly if intending to land the model they are flying they must give plenty of advance warning by stating "Landing" to all others on the flight line.
6. **Numbers of flying models at any one time.** The maximum number of models in the air at the same time will not exceed **FIVE** of mixed type

and in addition there are specific limits for IC 2-stroke powered models as per clause 7 below.

7. Restricted Flying Times for IC powered models.

The Council has advised that there will be NO Flying on Sundays until further notice.

Any day of the week flying IC models can only take place from 10am to 5pm with a maximum of **THREE** 2-stroke aircraft flying at any one time.. On Tuesday and Thursday evenings flying is permitted from 5pm till 8pm, daylight permitting. Between these times the maximum number of 2-stroke planes flying at any one time is limited to **TWO**.

8. Electric and silent flight Aircraft.

The Council has advised that there will be NO flying on Sundays until further notice.

There are no restrictions at all on the hours these aircraft can fly except on Sundays and there must never be more than a maximum of **FIVE** aircraft in the air at any one time.

9. Dead Stick. If a pilot has an engine cut he shall call out “Dead Stick” and must be given priority for landing over any other models in the air.

10.Unacceptable behaviour. Any behaviour by a Club Member which is prejudicial to the continued use of any of the club’s facilities will be considered by the committee and may result in the expulsion of the offender from the club.

11.Junior Members. Junior members under the age of 16 are only permitted to fly on the flying site whilst accompanied by a parent or Guardian.

12.Visitors. Visiting pilots may not fly without proof of valid BMFA insurance and proof of at least a BMFA “A” certificate.

13.Dogs. No dogs are allowed on the site.

14.Site cleanliness and security. The site must be left clean and tidy before you leave and any model debris taken home. The last person to leave **must** ensure that the gates are locked if no Council staff are on site.

15.Site safety. The Safety Officer, or a Committee member, is duly authorised to order the immediate landing of any aircraft should any of the site hire conditions, BMFA rules, Club rules or Bye-Laws be infringed. Members must not fly in such a manner that is likely to endanger other members or visitors to the site. Compliance with articles 55 and 56 of the air Navigation Order, CAP 658 is mandatory.

16. **Rules review.** Rules shall be subject to annual review and ratification at the Annual General Meeting. Any member not adhering to the rules can be expelled from the club.

Lansdown Model Flying Club.
