Lansdown Model Flying Club

Minutes of committee meeting held on Saturday 17th May 2014 at 09.30 at Lansdown North Playing Fields.

Present: George Bailey, Roger Clarke, Simon Kelly, Shelly Redworth.

Apologies: Robin Davies

1. It was agreed that the club should appoint a second Safety Officer. Terry Hall agreed to take on this role outside the committee.
2. Weekday membership only. It was decided that offering 2 types of membership would be too complicated and indeed there were already sufficient members of the club with a small waiting list.
3. IC flying noise. Both the safety officers would oversee this situation when on site and request any member who flies an unacceptably noisy plane to stop flying.
4. Honorary Membership. Pete Bennett, the ex-chairman was offered the position of Honorary President at the last AGM which he declined. However it was confirmed that Pete should remain an Honorary member, if he so wishes, as he was one of the club's founding members.
5. A new IC trainer will be purchased and fitted with the engine and hardware of the old deceased trainer that had been given to the club. Robin Davies to arrange a suitable purchase in due course.
6. All instructors giving flying help to members or guests must be approved by the committee as being competent to do so. Any member wanting flying instruction or help to fly a new model should seek such help from an approved instructor. These are currently : George Bailey, Pete Bennett, Phil Crouch, Terry Hall, Gordon Mignon, Shelly Redworth, Tony Rodgers and Mark Slater.
7. Gate Keys. New keys will only work properly if cut correctly and accurately by a fully qualified locksmith.

Meeting closed at 10.25am
